D-Day Skydive for Alabaré

Unfortunately due to the low cloud cover our intrepid 8 did not get to jump. However the jump has now been re arranged for 14th July where hopefully they will have blue skies and no clouds.

Donations can still be made via the Just Giving link - <https://www.justgiving.com/page/stonehengeskydive>

The event commemorates the 80th Anniversary of the D-Day Landings in France, and our school team will be part of 80 intrepid skydivers taking part in Alabaré's tribute to those brave servicemen who landed on the Normandy Beaches 80 years ago. All money raised will go towards supporting the homeless veterans in their care in England and Wales.

Mobile Phones

We have had a number of complaints from members of the public about our students being on their mobile phones and not being aware of what is going on around them. There have been a few very near misses as students walk out into the road.

Could we please ask you to remind your child how dangerous this is and hopefully we can prevent an accident.

Steady For This by Nathanael Lessoré

Plot Synopsis

Shaun, otherwise known by his stage name “MC Growls” wants to enter and win a contest known as Raptology. However, during a livestream, his reputation is ruined and he is treated like a joke by everyone around him. Despite this, he is still determined to win, no matter who or what stands in his way.

My Personal Opinion

Unfortunately, I did not enjoy this book very much. I found the story too unrealistic to be enjoyable, and a lot of the dialogue between characters, especially during moments such as rap battles, gave me second-hand embarrassment. This does not mean the book is entirely bad though, as there were aspects I did enjoy, such as seeing deeper into what kind of person Shaun is, but these ideas are not expanded upon enough for me to give much credit to it. In the end, I believe that this book had some good concepts within it, but they are buried behind so much unenjoyable content that it makes them irrelevant to my overall opinion.

Suitable Audience

In my opinion, this book would be enjoyed more and received better by a younger audience, potentially under the age of 13. I doubt many people older than this would enjoy it, as much of the humour feels immature, but maybe a younger audience may get something out of it that I unfortunately couldn't.
